The Three Great Purifiers

The Great Blood Purifier

Prescription
C-2223

Recommended for the Treatment of Eruptive Skin Diseases, Chronic Catarrh, Rheumatism, Gout, Lumbago and All Conditions Caused by Impure Blood

Two of the greatest purifiers in the world are sun and water, and on both depends life.

As a purifier of the blood, no preparation stands higher than Plough's Prescription C-2223. For years and years this liquid prescription was used by a successful physician in his private practice. He found that this particular formula gave the best results to those of his patients who were suffering from some constitutional blood disease. In time this doctor made quite a reputation both for himself and the prescription which he used; today a large number of bottles are required by druggists to supply the demands of those in need of this meritorious preparation.

In the treatment of Chronic Rheumatism, Catarrh, Scrofula and other similar diseases of the blood, Plough's Prescription C-2223 has given relief to thousands. Despairing, helpless sufferers have secured benefit from this liquid prescription where all other advice and treatment had failed.

If you are suffering from a condition caused by bad blood, or you fear that the poisons and accumulations have never been entirely eliminated from your blood, you should begin now and take the Plough's Prescription C-2223 Treatment. This liquid preparation contains no Morphine, Cocaine, Strychnia, Chloral or Mercury; on the other hand, it is composed of certain medicinal ingredients, all of which are well known to medical authorities as being very effective in the treatment of Rheumatic and Blood Troubles. The very best materials and the greatest care are exercised in the preparation of this splendid treatment, so that you can be sure that if you follow the directions given as to its use, you will be greatly benefited if not permanently relieved.

In the treatment of Chronic Rheumatism, Catarrh, Lumbago, Gout and Sciatica and any condition due to bad blood, it is important that the liver be active. To stimulate the liver, relieve constipation and keep the bowels in a healthy condition, Plough's C-2223 Liver Pills are especially recommended. They do not

nauseate and can be used by those who cannot stand a dose of calomel or other drastic purgatives.

Plough's Prescription C-2223 can be supplied you ready prepared by druggists at \$1.50 a bottle; the Pills at 25c, or if you are unable to get the treatment from your home dealer, send \$1.75 to the 2223 Laboratory, Memphis, and the package will be mailed you postpaid. You can get a free sample of the Pills and literature by writing.

CHICAGO TRIBUNE QUESTIONED ON ITS ANTI-ROTT ATTITUDE

CHICAGO, Oct. 15.—During the recent visit to Omaha, Neb., the Abbe, a Negro from west of here, was asked to the Chicago Tribune, one of the leading dailies of the country, concern-

ing questions used in one of their papers with reference to the riot. "The paper of the great influence the policy of the Tribune is watched very closely by thousands of newspapers throughout the country. In a personal letter, Col. R. B. Mc-

Donald, one of the editors of The Tribune, endeavor to have the impression that this newspaper is fair in its deal-

ing with colored people. He says: "The Tribune representative have been absolutely run out of Omaha (large because of) The Tribune's attitude against lynching. The Tribune was the first. It not only the only, public organ to take up the question of better conditions for the colored man in Chicago and to advocate the necessity of providing them with places to live if they

are going to bring them here to work. "How low, whether colored or white, colored or white men, has always followed a condition where criminals are rapidly apprehended and tried very justly. I think all editors should have considerable energy to the agitation of this remedial condition. "Nevertheless, it seems that the point of view of The Tribune, and that of the colored people regarding what is their

and just" do not harmonize, because in their issue of recent date, there appeared an editorial on Race Riots. It was nothing more or less than a vulgar threat that if the colored people did not stay in "their place," the white people will put them in "their place" and keep them there. The big question seems to be "where

is the place of the colored people of America?" "MORE COOKING. I am now prepared to send meals at all hours and lunches out to the day dinner. Price reasonable. 1114 HATTIS LUNCH 130 N. Chestnut street."
